Premier Intervals at The Whaler On Ka'anapali Beach

Re: **STORAGE CLOSET NOTICE** (Updated July 2015)

THE ITEMS STORED IN BOXES ARE THE PERSONAL PROPERTY OF THE OWNER AND NOT FOR USE BY OTHERS. PLEASE HONOR YOUR NEIGHBOR'S STORAGE BOX.

Aloha Owners,

The storage closet allows storage for a limited number of items. This space is shared by Owners of the 25 intervals who own this apartment. Because the space is limited, certain policies have been adopted over the years to keep the closets orderly, safe, clean, and free from unwanted insects and pests.

PLEASE RESPECT THE FOLLOWING STORAGE CLOSET POLICIES AND NOTICES:

1. **One (1) cardboard storage box** (standard box 10"H x 12" W x 16" L) **is provided for use by the Owner (s) of each interval.** There shall be not more than 25 storage boxes stored in any TIOA apartment storage closet—one box per interval.
2. **There shall be no more than 2 beach chairs stored in the closet.** Beach mats are prohibited and may be discarded. Please remove sand from chairs before storing.
3. **Insects!** Please **do not store any perishable food items** in your box or this closet. **Flammable items are also banned!**
4. **All Owners are responsible for policing, maintaining, and cleaning this apartment storage closet.** Please report to Rita Plumlee, TIOA Site Manager, any unauthorized items for instructions on removal.
5. **Items which do not fit inside the standard storage box shall not be stored inside the storage closet.** Rita Plumlee has been instructed **NOT** to store Owners' personal items in the TIOA office.
6. **For intervals sold, the Association will remove the Owner's storage box from the apartment storage closet and keep the box in Association storage for 60 days. After 60 days, the Association will dispose of any unclaimed items.**

Owners may use a plastic container (purchased at their expense) provided the dimensions are no larger than the standard cardboard storage box of 10"H x 12" W x 16" L. *Contact the Whaler Site Manager if you need a new cardboard replacement box.*

Be certain your storage box is securely closed so that items do not fall out if the boxes need to be moved to gain access to a box under your box.

See the Whaler TIOA Locker Compartment Assignment Policy posted to the TIOA website.
